## Wit's End

**"Wit's End, a family support group is registered with the State of Vermont" and is for family members challenged by substance abuse, addiction or addictive behavior of an adolescent or young adult.**

You are not alone! Substance abuse, addiction and addictive behavior deprive many young people and their families of healthy, happy and fulfilling lives. Wit's End is a support group for parents and guardians of adolescents or young adults who are having problems related to alcohol or other drug use. Join others who can identify with your situation in this open, candid and confidential support group. A licensed drug and alcohol counselor provides support and education. Guest speakers and presenters are periodically invited.

**Wit's End, a family support group, is registered with the State of Vermont**

“Wit's End” was founded in loving memory of Sarah Martin – 1979-1999

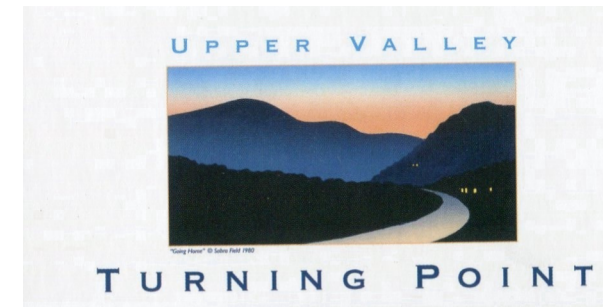

Brochure created and printed in memory of Zach Marmar - 1982 - 2009
